

IV OVERWRAP BAGS

Beacon produces custom packaging from hundreds of possible material combinations, creating specialized solutions for the most demanding applications. Let our technical team work with you to creatively meet your needs.

Visit our website at www.beaconconverters.com to learn more about our company and our products.

As pharmaceutical products evolve and the protective requirements of specialized therapies move beyond the capabilities of traditional packaging, Beacon continues to create innovative solutions for these applications. Whether it's autoclavability, high moisture barrier, ultraviolet light protection, or all

three, we understand the unique demands of drug delivery systems and new medical devices incorporating pharmaceuticals. Beacon has considerable experience supplying this market with innovative packages employing DMF-listed packaging materials, and we look forward to hearing about your challenges.

Beacon customizes packaging to meet the needs of new medical devices that incorporate pharmaceuticals. Whether it's autoclavability, high moisture barrier, ultraviolet light protection, or all three, we understand the unique demands of evolving drug delivery systems and new medical devices incorporating pharmaceuticals.
